

BC Fruit Growers' Association

Types of on-farm projects that can receive partial funding in the EFP Program

August 27, 2021

BMP Code	Title	Grant	Max Grant
1901	Establishment of vegetative shelterbelts, buffers or hedgerows	60%	\$15,000
3303	Alternative energy solution (solar, wind, rechargeable batteries)	30%	\$30,000
3307	Thermal energy improvements (insulation, thermal curtains)	30%	\$30,000
3308	Lighting efficiency improvements	30%	\$10,000
3310	Energy monitoring and controls	30%	\$30,000
1101	Erosion control and riparian habitat structures	60%	\$30,000
2204	Habitat structures (bat houses, specialized bird boxes)	60%	\$2,500
2207	Creating pollinator habitat	60%	\$2,500
0801 (B)	Improved on-farm fuel storage	30%	\$5,000
0801 (C)	Improved on-farm pesticide storage	30%	\$5,000
802	Improved storage/handling of agricultural waste (culls)	30%	\$3,000
802	Mulching mowers	30%	\$1,500
803	Composting agricultural waste	30%	\$10,000
805	Wood residue management (wood chippers or forced air burners)	30%	\$10,000
1601 (A)	Alterations to sprayers	50%	\$1,500
1601 (B)	New sprayers	30%	\$1,500
1601 (C)	Rotary or flail mowers with side discharge	30%	\$5,000
1602	Information collection and monitoring	30%	\$5,000
1802	Weather stations and soil moisture probes	50%	\$5,000
1804 (A)	Irrigation improvement	50%	\$12,500
1804 (B)	Irrigation mainline improvement	50%	\$12,500
1805	Irrigation system replacement	30%	\$20,000
3501	Creative environmental and regenerative solutions	30%	\$30,000
2401 (A)	Nutrient Management Planning (consultant and lab)	100%	\$3,000
2501	Integrated Pest Management Planning (IPM consultant)	100%	\$1,000
2901	Irrigation design and management plans	100%	\$1,500
3001	Riparian management plan	100%	\$1,000
3401	Vegetative buffer planning	100%	\$2,000
2401 (B)	regulatory nutrient management plan	100%	\$3,000
1702	Nutrient recovery and wastewater	100%	\$5,000
1007	Riparian area management	100%	\$5,000
	Overall farm cap		\$70,000
